Overview of topics

1	Dues	1
2	Some events	1
3	Intel dinner	2
4	Attendance	2
5	Cybersec Committee	2
6	Banquet	2
7	Rooms	2

1 Dues

- The department has been rescheduled multiple times
- We need to know what money we have soon

2 Some events

- L^AT_EX maybe later
- Book Club weekly on Mondays
- Fast Enterprises with Pranav
- WebDev on Wednesday (waiting for a room)

3 Intel dinner

- We need to start marketing now (talk to Prajakta)
- Invite friends
- Recruiters will be at the event
- Business formal attire
- Intel is paying for everything
- For aspiring software engineers and developers looking for internships
- Room will to be booked

4 Attendance

We will actually start enforcing attendance at meetings.

5 Cybersec Committee

- Will hold workshops for competitions, mostly in fall and winter
- Discuss web exploitation, cryptography, forensics
- First meeting for February 15 at 6 p.m.

6 Banquet

- We are short on money
- Attendance has declined recently
- Doubts about whether we should hold it
- Professor and TA awards are important

7 Rooms

Kemper has a soft cap of 4 hours per week. We don't get charged if we go over, but we might not get approved. Elsewhere it costs \$10 per hour if we go over 4.
